

Company Profile

WORKMANSHIP Co.,Ltd.

About us

Workmanship founded in August 1988 with Control Data Japan help by Hideaki Endo who brings over 19 years of experience in the computer maintenance business to provide systems,disk drives,tape drives,parts,repairs and support services.

Originally, we belonged to the engineering services department of Control Data Corp. in Japan before span-out as our own company. As a part of Control Data Japan we were responsible for maintenance services within the company. Control Data Corp and Cray in the U.S. are well-known worldwide as a manufacture of super computers and hardwares.

Our maintenance Services is a one of main job and it based upon the use of every possible means of information to solve customer problems.

Our extensive inventory consists of quality products from all the major manufacturers of computers and storages in all interfaces for your workstations, desktops, servers and/or other computers including your RAID Subsystems and other high-end data storage systems and various legacy systems.

Since 1988 *WORKMANSHIP* has offered our customers maintenance services for all of their computer and data storage requirements as a 3rd Party Maintenance company. Our service include repair of failed computers, disk and tape drives, sales and seeking of hard to find computers ,medias, disk, tape and other drives.

We make ourselves available for all situations, wherever needed, including emergency calls and periodical inspections. As the demands for a variety of customer service increase, we are ready and willing to devote our energies to the expansion of our sphere of the activities.

We use only the most highly skilled engineers and the best parts available for our customer service.

As we place a high degree of emphasis on technique, knowledge and information, we provide on-going vocational training for our engineers and staff. As a result of a step by step approach to training we expect to be able maintain a wide variety of quality services now, and in the future.

“ Quality is conformance to customer requirements “ Our commitment is to provide the best possible service that meets or exceeds our customer’s requirements, through continuous improvement of our technical capacity, service flexibility, and open communication with customers.

As on aside, our sales deivision is seeking and selling numerous maintenance parts including Raid Subsystems, NAS, SAN, LTO and DLT Tape drives, Tape Libraries, Hard Disk Drives, Network Switches, Routers, Personal Computers, Serves, Workstations such as SUN, IBM/RS6000, HP, SGI, and tools imported directly from the U.S.

We also seeking legacy products and the parts for sale.

We are assembling and selling our own products as original with brand new.

The original products are PC Servers with redundant power supply and bootable Mirrored HDD,RAID Subsystems and external HDDs.

It is our goal to grow and improve our company and to provide the utmost benefit for our customers.

All of us at Workmanship are dedicated to this end.

■ Services ■

1) Sales .

(1-1) Selling computer systems, parts & medias

Computer Systems and the Parts made in U.S.A. for repair

Sun, IBM/RS6000, SGI, HP, DEC and other Workstations

Seagate, CDC, Imprimis drives and parts

Maxtor and Quantum disk drives

HP, Hitachi, Fujitsu Disk drives

Other disk drives (SMD equivalent (ARRAID))

3.5", 5.25", 8", 9" and 14 inches disk

drives (ST506/412, ESDI, SMD, HP-IB I/F)

Enclosures with power supply and racks

RAID Subsystems, AudioVideo RAID (Huge and Ciprico)

Printers and parts (Sun, Canon, Printronix, Xerox, Calcomp)

Host Adapters

Terminals

Cables

Disc Packs

Power supplies

PCs and Servers

Tape units and parts / Tape Cleaner units

Autoloaders

Tape medias

Degaussers (Tape erasers and HDD erasers)

SAN and NAS devices

Network switches, Hubs and routers

Downed capacity SCSI HDDs (50MB, 100MB, 600MB, 1GB,

2GB, 4GB or others)

2) Maintenance Services

Unix Computer Systems

Seagate, CDC, Imprimis Disk drives

HP, Fujitsu disk drives

Printers (Sun, Canon, Printronix, Xerox)

Seagate disk drives

Maxtor and Quantum disk drives

Other disk drives (ST506/412, ESDI, SMD, HP-IB I/F)

3.5", 5.25", 8", 9" and 14 inches disks

Tape drives (HP, Cipher, STC, Kennedy, IBM,

Keystone, Exabyte, Sony, Archive)

Autoloaders (DAT, DLT, 8mm)

SAN and NAS devices

PCs and Servers (DELL, IBM, HP, DEC)

Terminals (DEC, IBM, Televideo, HP)

Re-size for all SCSI disk drives to small

Network switches, Hubs and routers

Narrow/Wide SE SCSI HDDs

1024/512/256 Sectors SCSI HDDs
